

AMPUP COMMUNITY MANAGER

EV CHARGING FOR COMMUNITIES OF ALL SHAPES & SIZES

AmpUp is an electric vehicle (EV) software company that enables drivers, hosts, and fleets to charge stress-free. **Fully-integrated with the charge station of your choice**, AmpUp software helps you easily manage your EV charging needs by offering three unique management plans ranging from simple to sophisticated.

Some features include:

SMART SCHEDULING

AmpUp helps you reserve chargers, or do instant charging for spontaneous moments

DYNAMIC ACCESS

Manage who gets to use your chargers, and when they get to use them - for free, or with a fee

ENERGY OPTIMIZATION

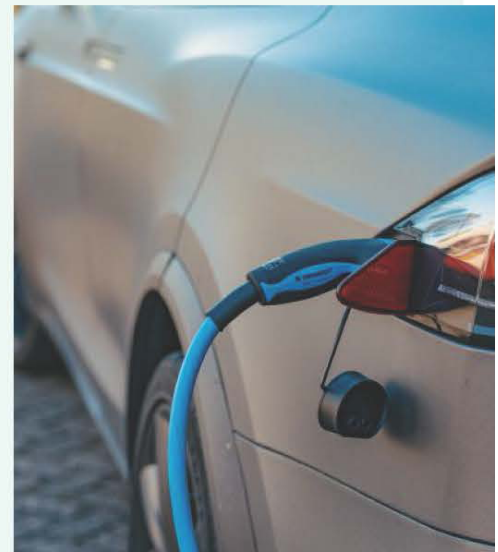

We make sure that you get the highest utilization out of your current chargers before installing more

COST NEUTRAL

AmpUp helps you recover your costs, helping you set up the right charging price and optimize your revenue

KEEP YOUR PARKING SPACES CHARGED

- Manage multiple charging sites in one place
- Detailed reports on station usage and energy consumption by location
- Dedicated access to valet, employees, public drivers, and more
- Notify drivers when charge stations become available
- Frictionless billing and revenue collection
