

## PARKING LOT BOOTHBAY COUNTRY CLUB — BOOTHBAY, ME

### 4 breezEV P48 NETWORKED CHARGERS TWO SIDE BY SIDE PEDESTALS W/ CABLE MANAGEMENT

**DISTRIBUTOR/ESCO**  
GRAYBAR PORTLAND

**INSTALLER**  
OBERUCH ELECTRIC

**REP AGENCY**  
LFD

#### OPERATING

The end user wanted to use level 2 chargers given speed of charge. Our up-time and AmpUps flexibility and control made the decision simple.

#### INSTALLING

Two side by side pedestals were installed with two P48 chargers on each pedestal. The make ready base made it quick and easy to install.

#### STOCKING

The chargers were in stock locally, which reduced the lead time. Local support was available to help with the onboarding process.

*"Country club guests now have the ability to relax and charge their electric vehicle, while getting a round of golf in." — LFD 😊*
