

## PARKING LOT

JEAN A. LEVESQUE COMMUNITY LIFE CENTER — SALEM, MA

### 4 breezEV P48 NETWORKED CHARGERS TWO SIDE-BY-SIDE PEDESTALS W/ CABLE MANAGEMENT

**INSTALLER**  
ENERGY  
CONSERVATION INC.

#### OPERATING

The end user wanted to use level 2 chargers given speed of charge. Our up-time and SWTCH control made the decision simple.

#### INSTALLING

Two side-by-side pedestals were installed with two P48 chargers on each pedestal. The install now provides charging for the community center and its visitors.

#### STOCKING

The chargers were in stock locally, which reduced the lead time. Local support was available to help with the onboarding process.

*"All four of the chargers are publicly accessible during the day  
& used by our fleet overnight." — Community Life Center 😊*
